

# BT NEXT

## Multi Rider Intercom System

MIDLAND BT NEXT IS THE BEST SOLUTION FOR THE MOST DEMANDING MOTOR BIKE USERS

- Multi Pair Intercom: Up to 6 riders
- Long Distance: Up to 1 mile (1.6 km)
- Multi Device Compatibility: Bluetooth connections to mobile phones, stereo MP3 players and GPS devices
- **NEW Talk 2 All:** Makes the BT Next the first intercom on the market to permit communication with other brand intercoms
- AGC Technology: Automatically adjusts the headset volume based on ambient noise and driving speed
- Stereo A2DP Protocol: For stereo music
- FM Radio Receiver Stereo with RDS: Six station memory
- Programmable via USB: Set up the unit and update the firmware
- VOX Activation: Allows users to open the intercom connection, answer and make phone calls with voice dial
- Voice Status Messages
- Additional USB downloads: Help users stay up-to-date with continually advancing technology
- Foldable Antenna
